

This correspondence responds to your request for additional information with respect to the July Quarterly Report (4/1/08 - 6/30/08) filed by the Community Oncology Alliance PAC (COA PAC), and in particular certain contributions to Rangel for Congress, Citizens for Arlen Specter and Friends of Max Baucus that appear to exceed the limits set forth in Act. 2 U.S.C. 441a(a).

COA PAC, in cooperation with the law firm of Blank Rome LLP, analyzed the COA PAC's FEC reports and concluded that the identified contributions were not properly designated as primary and general election contributions, thereby making the contributions appear as if they were excess of the per election contribution limits. Based upon our investigation, these errors resulted from unintentional clerical mistakes, relating to the reporting of proper designations and any refunds received, rather than any intent to circumvent campaign finance laws. COA PAC respectfully requests an additional thirty (30) days to file an amended July Quarterly Report to reflect the proper election designations and report refunds received.

The COA PAC is appointing a new Treasurer and Assistant Treasurer and during the additional thirty (30) days will appoint the new treasurer and file an amended Form 1. In addition, to ensure that these errors do not occur again, please be advised that on a going-forward basis all COA PAC filings will be reviewed by the law firm of Blank Rome LLP to ensure compliance with all applicable laws and regulations, as well as to ensure correct clerical reporting.

We hope the foregoing serves to address your concerns. If you have any further questions please do not hesitate to contact Ted Okon, Executive Director, Community Oncology Alliance, (203) 715-0300 in the interim.
